

REJUVENATOR

Your Stage Of Life Inflamm-aging Defense **DIPHASIC NUTRITION PLAN** (SOLID DNP) gives you two critical advantages that remedy-seeking nutrition supplementation never can.

First, the diphasic component of your SOLID DNP gives a tremendous boost to your anti-anabolic defenses against INFLAM-AGING, then an equally powerful boost to your anti-catabolic defenses. It times each booster so as to facilitate a healthy Diphasic day-night metabolic cycle.

Second, your SOLID DNP recognizes an obvious truth --- that a 15-year-old, a 25-year-old, and a 45-year-old all have their own specific nutrition needs. Your individualized supplementation plan will vary with your age. This is the only way to maximize your INFLAM-AGING Defense.

Like its companion supplements --- Activator, Adapto-Max, and Oxy-Max --- **REJUVENATOR** provides a broad array of ADAPTOGENS --- dietary supplements proved by research scientists to boost health --- with your goal to ---

LIVE STRONGER LONGER.

These ADAPTOGENS empower the Immune System, the Nervous System, and the Hormone System --- bolstering Vital Reserves --- the energy of life.

Notably, the four nutrients in **REJUVENATOR** go a huge step beyond the ADAPTOGENS in the other supplements of your SOLID DNP. **REJUVENATOR** provides what Gerontologists call “REJUVENINS”. These REJUVENINS address the aspects of INFLAM-AGING that come not from

the environmental stresses that can overwhelm our health --- but rather from INFLAM-AGING that depends on our own individual biological clocks, and are generated from within our cells.

You cannot find such a comprehensive defense against INFLAM-AGING anywhere but from Nutri-Spec.

You need these REJUVENINS:*

- Carnosine
- Glycine
- N-Acetyl-L-Cystine
- Alpha Lipoic Acid
