THE NUTRI-SPEC LETTER

Volume 27 Number 7

From:

Guy R. Schenker, D.C.

July, 2016

Dear Doctor,

If you truly appreciate your NUTRI-SPEC key concept of ...

SPECIFIC NUTRITION;

if you delight in holding yourself above the crowd of disease-specific remedy peddlers by empowering your patients with ...

PATIENT-SPECIFIC METABOLIC THERAPY ...

then you will be as wildly excited as we are about perhaps the greatest development in NUTRI-SPEC's 30 year history --- maybe ...

THE MOST SIGNIFICANT ADVANCEMENT EVER IN THE INDIVIDUALIZATION OF YOUR PATIENT CARE.

ANNOUNCING ---

YOU NOW HAVE 3 IMMUNO-SYNBIOTICS ...

- I-S IMMUNE RESTORE
- I-S X-FLAM
- I-S IMMUNE POWER

Read the [Immuno-Synbiotics brochure](#) to discover how each has its own specific mechanism by which it controls ImmunoNeuroEndocrine stress. Distribute these brochures among your patients (\$15 per pack of 25, but one pack FREE with your first order totaling 2 dozen bottles or more).

Use the criteria on the back of this page to guide you in choosing the specific IMMUNO-SYNBIOTIC for all your patients.

**CRITERIA FOR SELECTING THE SPECIFIC IMMUNO-SYMBIOTIC
EACH PATIENT NEEDS**

Go down the following list in order, choosing the first criterion that applies to your patient.

[SPECIAL NOTE: If your patient shows a need for either I-S X-FLAM or I-S IMMUNE POWER but also has recently or repeatedly used antibiotics, then give the indicated I-S (2, once daily before breakfast), plus I-S IMMUNE RESTORE (2, once daily before another meal). After 1 bottle of I-S IMMUNE RESTORE, stop it, and the indicated I-S will be taken 2, twice daily.]

<u>INDICATION</u>	<u>SPECIFIC I-S NEEDED</u>
Cancer	I-S IMMUNE POWER
Rheumatoid Arthritis, Crohn's, Type 1 Diabetes, MS, Ulcerative Colitis, RSD, Scleroderma, Psoriasis	I-S X-FLAM
Allergies; Asthma Alzheimer's	I-S IMMUNE POWER I-S IMMUNE POWER
Yeast Infections, Fungal Infections, Eosinophilic Fungal (EF) Rhinosinusitis, EF Bronchitis, EF Esophagitis, EF Gastroenteritis, Sinus Infections	I-S IMMUNE POWER
Frequent Colds; Viral Infections Eczema; atopic Dermatitis Coronary Artery Disease Irritable Bowel Syndrome	I-S IMMUNE POWER I-S IMMUNE POWER I-S X-FLAM I-S IMMUNE RESTORE
Dermographics Leg Red, or Arm R3+ Dermographics Arm White	I-S IMMUNE POWER I-S X-FLAM
Anaerobic or Parasympathetic Dysaerobic, Sympathetic, or Glucogenic Ketogenic; Type 2 Diabetes	I-S IMMUNE POWER I-S X-FLAM I-S IMMUNE RESTORE
Antibiotic use	I-S IMMUNE RESTORE
