

COMPLEX S

Complex S contains a blend of the nutrients that have a specific normalizing effect on a **Sympathetic Metabolic Imbalance** when such is determined by your **NUTRI-SPEC** test procedures.

Never before the **NUTRI-SPEC** product line have supplements been available with such potent effects on the autonomic nervous system. Their potency comes not from megadoses, but from specific combinations of nutrients.

These products will promote metabolic balance and improved physiological function for the full spectrum of nutrition patients, from the degenerative disease sufferers to the competitive athlete.

A **Sympathetic Metabolic Imbalance** can be associated with many conditions, including:

- blood sugar problems (hypoglycemia or diabetes)
- low energy
- indigestion; ulcers; gall bladder or bowel problems
- poor circulation
- nervous tension; insomnia
- high blood pressure
- rapid heart rate; arrhythmia
- heart and kidney problems
- low resistance to infections
- food allergies

FOUR TABLETS SUPPLY:

Niacin (as nicotinic acid)♦	50 mg
Magnesium (67% as magnesium citrate, 20% as magnesium aspartate, 13% as magnesium orotate)	150 mg
Chromium (as chromium polynicotinate)	100 mcg
Potassium (71% as potassium citrate, 19% as potassium aspartate, 10% as potassium orotate)	210 mg
<u>Betaine (anhydrous)</u>	60 mg
Vanadium (as BMOV)	1200 mcg
Choline (as choline bitartrate)	200 mg
Pantethine	140 mg
L-Arginine (as L-arginine HCl)	500 mg
L-Ornithine (as L-ornithine HCl)	100 mg
L-Serine	100 mg
<u>Glycine Propionyl-L-Carnitine HCl USP</u> <u>*GlycoCarn®</u>	300 mg

Other ingredients: Microcrystalline cellulose, stearic acid, croscarmellose sodium, silica, magnesium stearate, rice flour and pharmaceutical glaze.

♦ CAUTION: Transient flushing and feeling of warmth might be associated with the ingestion of niacin-containing products.

GlycoCarn® is a registered trademark of Sigma-tau HealthScience and is manufactured under USA production patent 6703042 and Worldwide production patent EP1202956.
