

FORMULA EI

Formula EI contains a blend of the nutrients that have a specific normalizing effect on an **Electrolyte Insufficiency Metabolic Imbalance** when such is determined by your **NUTRI-SPEC** test procedures.

Never before the **NUTRI-SPEC** product line have supplements been available with such potent biological activity. Their potency comes not from megadoses, but from specific combinations of nutrients.

These products will promote metabolic balance and improved physiological function for the full spectrum of nutrition patients, from the degenerative disease sufferers to the competitive athlete.

An **Electrolyte Insufficiency Metabolic Imbalance** can be associated with many conditions, including:

- lack of energy; physical and mental fatigue
- low blood pressure
- depression or anxiety
- over weight or under weight

FOUR CAPSULES SUPPLY:

Vitamin D (as cholecalciferol)	10 mcg
