

## FORMULA ES

**Formula ES** contains a blend of the nutrients that have a specific normalizing effect on an **Electrolyte Stress Metabolic Imbalance** when such is determined by your **NUTRI-SPEC** test procedures.

Never before the **NUTRI-SPEC** product line have supplements been available with such potent biological activity. Their potency comes not from megadoses, but from specific combinations of nutrients.

These products will promote metabolic balance and improved physiological function for the full spectrum of nutrition patients, from the degenerative disease sufferers to the competitive athlete.

An **Electrolyte Stress Metabolic Imbalance** can be associated with many conditions, including:

- high blood pressure
- cardiovascular disease
- cardiac arrhythmia
- high cholesterol or triglycerides
- fatigue
- diabetes or insulin resistance
- stress/anxiety
