

L-GLUTAMINE

(500 mg. capsules)

Glutamine supplementation is a useful adjunct in balancing several of your NUTRI-SPEC imbalances. These include:

- Dysaerobic Imbalance
- Glucogenic Imbalance
- Parasympathetic Imbalance
- Acid Imbalance
- Alkaline Imbalance

Conditions frequently found in patients who have one or more of these imbalances include:

- fatigue
- colitis; irritable bowel syndrome; diarrhea
- gall stones; biliary stasis; intestinal dysfunction
- hypoglycemia
- alcoholism
- shortness of breath
