

MAGNESIUM CHLORIDE (2 ounces)

Magnesium supplementation is a useful adjunct in balancing several of your **NUTRI-SPEC** imbalances. These include:

- Electrolyte Stress Imbalance
- Ketogenic Imbalance
- Parasympathetic Imbalance
- Acid Imbalance
- Alkaline Imbalance

Conditions frequently found in patients who show one or more of these imbalances include:

- high blood pressure
 - constipation
 - asthma
 - shortness of breath
- pain sensitivity

MAGNESIUM CHLORIDE

Each 1/8 teaspoon supplies
67 mg. of magnesium.
