

## OXYGENIC D

**Oxygenic D** contains a blend of the nutrients that have a specific normalizing effect on a **Dysaerobic Metabolic Imbalance** when such is determined by your **NUTRI-SPEC** test procedures.

Never before the **NUTRI-SPEC Oxygenic** product line have supplements been available with such potent biological activity. Their potency comes not from megadoses, but from specific combinations of nutrients.

These products will promote metabolic balance and improved physiological function for the full spectrum of nutrition patients, from the degenerative disease sufferers to the competitive athlete.

### FOUR CAPSULES SUPPLY:

Vitamin E (as d-alpha-tocopheryl succinate)	20 mg
