

OXYGENIC D-PLUS

(2 ounces, 4 ounces)

Oxygenic D-Plus is formulated to have an immediate yet lasting effect on the aberrant oxidative energy metabolism, the excess fatty-acid activity, and the abnormal membrane permeability typical of the **Dysaerobic** patient.

A few of the conditions frequently associated with **Dysaerobic Metabolic Imbalance** include:

- migraine
- colitis, diarrhea
- hypoglycemia
- insomnia, fatigue
- pain sensitivity
- vertigo
- itching
- allergic sensitivity

Each 1/8 teaspoon supplies:

39 I.U. of emulsified vitamin E in a carrier of glycerol and alcohol.
