

ACTIVATOR

The essence of our philosophy behind the **ACTIVATOR** formulation relates to providing ...

ADAPTOGENS ...

in quantity & quality you will not find anywhere else.

What are ADAPTOGENS? They include vitamins, minerals, and many other dietary supplements proved by research scientists to boost your health, so that you may ---

LIVE STRONGER LONGER.

ACTIVATOR gives you the full complement of vitamins, minerals and trace minerals – in their most bio-active forms. Also provided are other ADAPTOGENS to empower the immune system, the nervous system, and the hormone system --- in defense against physical, nutritional, emotional and toxic stresses.

All these essential ingredients are found in perfect proportions. What does that mean?

The Nutri-Spec model of LIVE STRONGER LONGER is based on maintaining balance in Five Metabolic Control Systems.* The unique blend of nutrients in Activator will not alter these Five Metabolic Balances. Rather, this perfect combination of nutrients feeds the strength of these health-maintaining systems.

Furthermore, the disintegration curve of **ACTIVATOR** (and all **NUTRI-SPEC** products) is such that the nutrients are fully dissolved when they reach their site of intestinal absorption.
