

NUTRI-SPEC

Live Stronger Longer

Nutri-Notes

June 21, 2023

Aging is not a disease. It is a part of life --- perfectly normal, and perfectly healthy --- IF you know how to ---

LIVE STRONGER LONGER.

To maximize your personal power (and that of your patients) you need to control BOTH types of INFLAM-AGING ...

EXOGENOUS AGING (From the outside-in) begins the moment you are born.

ENDOGENOUS AGING (From the inside-out) begins “like clockwork” on your 23rd birthday. ---- Seriously --- Gerontology research shows it is as if your immune system “flips a switch” and your body begins producing its own senescence --- from every cell.

= Not a “disease” --- but --- in good health you can control ENDOGENOUS AGING. Maximize LIVE STRONGER LONGER with your new NUTRI-SPEC supplement --- **REJUVENATOR.**

Gerontologists call these dietary supplements “rejuvenins” --- and in REJUVENATOR you have a synergistic combination of the 4 most powerful - - - CARNOSINE, (GLYCINE + NAC), and LIPOIC ACID.

Buy it this week, and get 2 FREE, with every 10 you order.
